DEDICATION

Dear Parents,

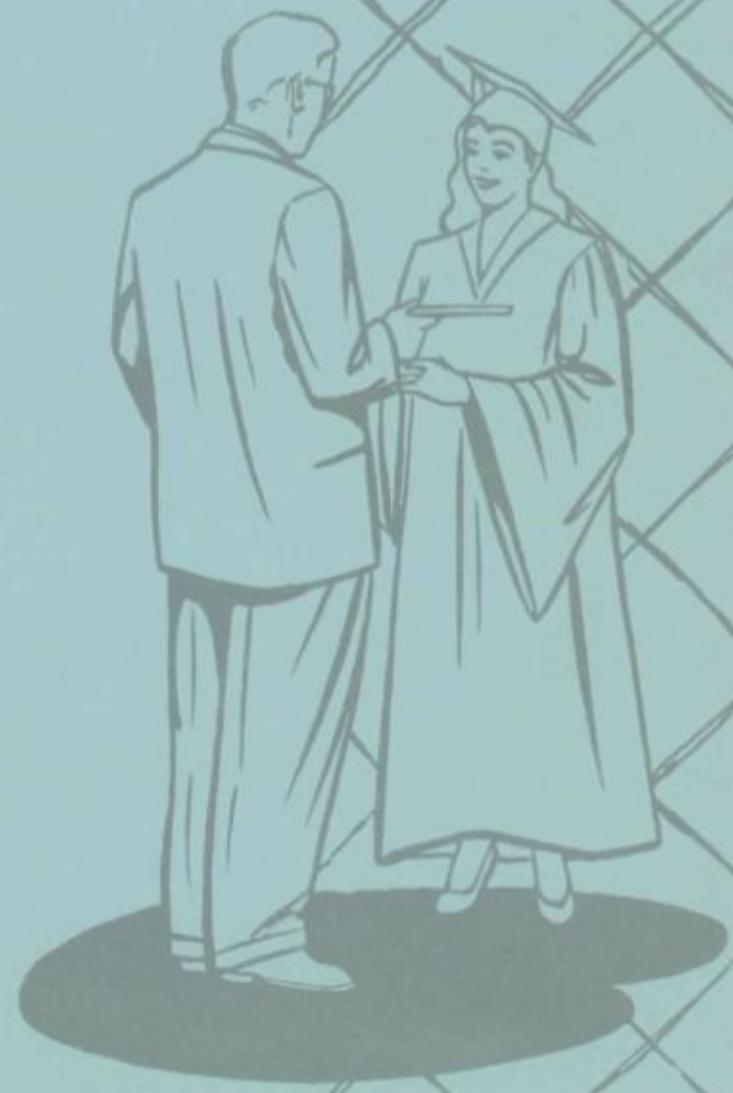

We, you sons and daughters of the Class of 1955, sincerely dedicate to you this eighteenth publication of the LEXIAN. You who have so unselfishly given your time and efforts to our best interests have been especially in our thoughts during the past year. As we approach maturity, our understanding of your ever-present devotion increases. With this conviction that each class member has drawn strongly on home reservoirs of ideals, courage, and tolerance, it is our hope that you will enjoy this LEXIAN.

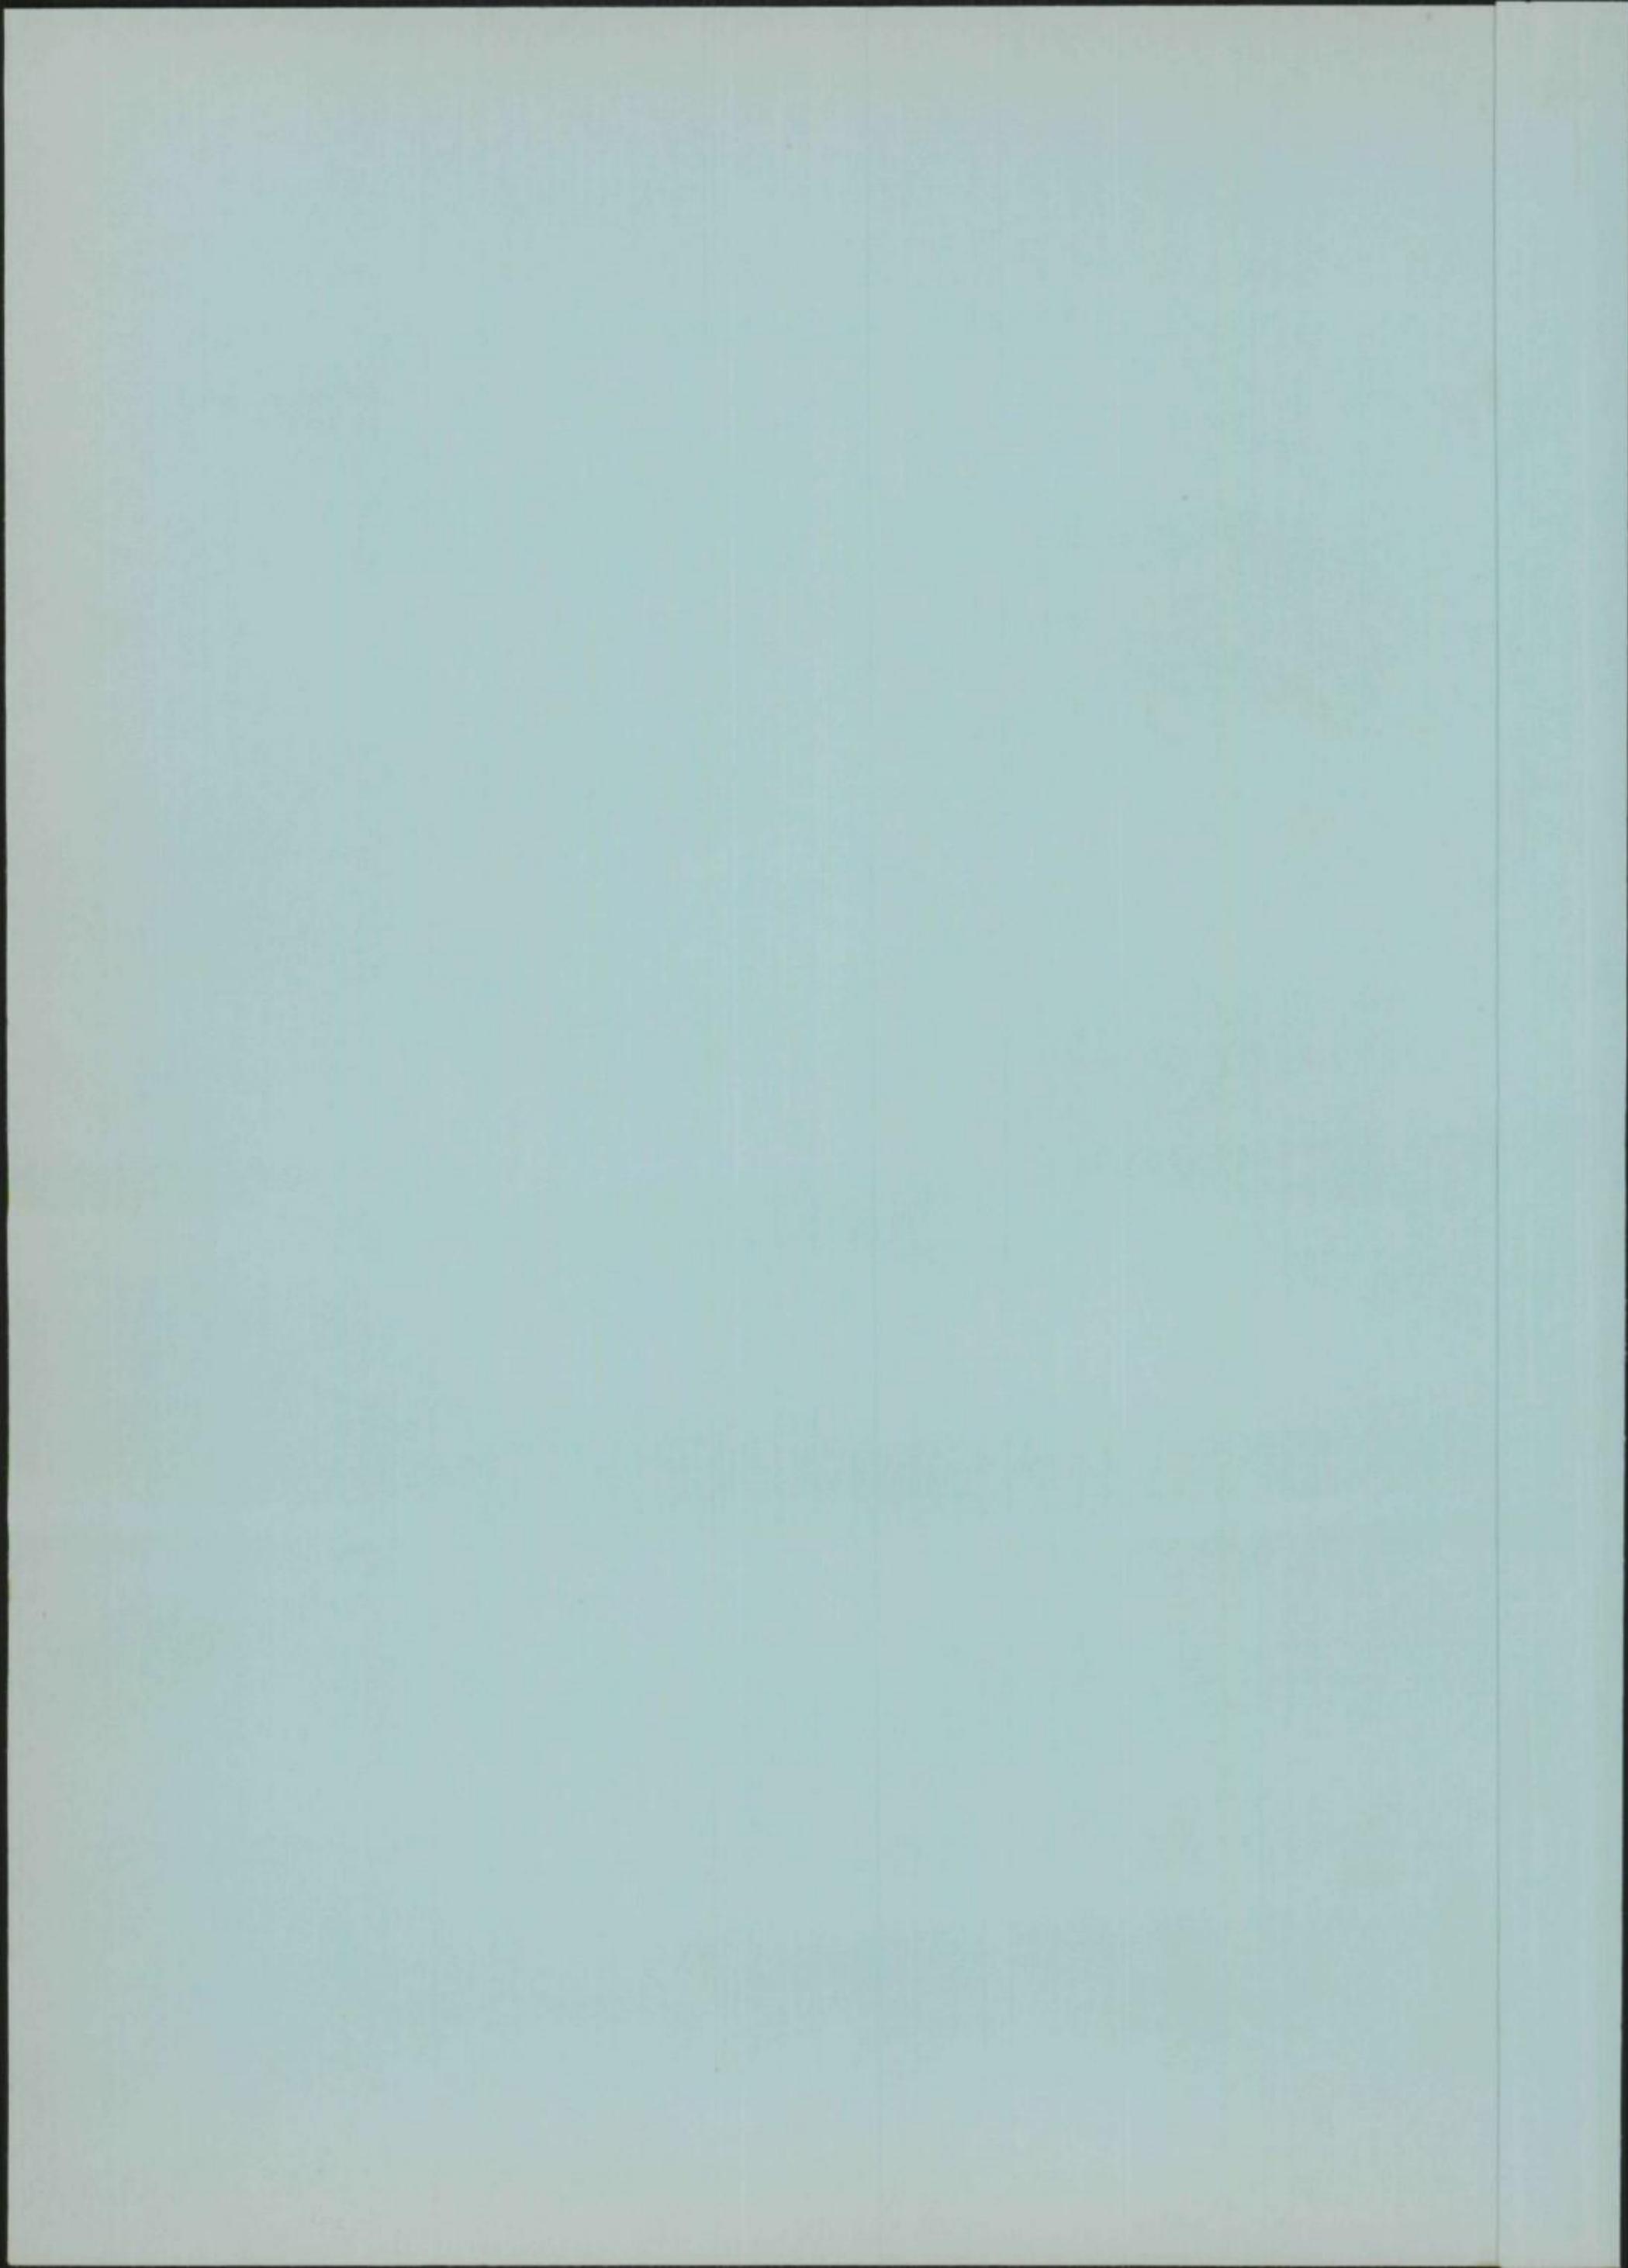

May this book in some way reflect our warm feelings for you. As you leaf through these pages, we want you to know that each one says, "Thanks, Mom and Dad, for everything."

CLASS PROPHECY

I, Darla Utz, in the year of 2055, having been the first lady President in the history of the United States, decided to call a meeting of all fellow students who had graduated from Lexington in 1955. Since my fellow students had not seen each other for some time, it was quite a reunion of ghosts back in Room 205 at Lexington.

The first other ghost to arrive was Marilyn Burger. She had become a famous pianist, playing nightly in Carnegie Hall. We began talking and as others arrived, we discussed old times and our careers of the twentieth century.

Next to arrive was Nancy Eckert. If it had not been for Nancy, the local radio station would have had no listeners, for her commercials were quite popular.

Other fellow ghosts arrived and were interviewed by the renowned television star of the twentieth century, Milt Shaffer, and his co-starring comedian, Fred Mueller.

Don Long and Kip Calendine had made headlines in the good old days, having been famous fishermen noted for catching the world's largest trout.

Phyllis Lehnhart had become the head manager at Neisner's 5 and 10.

Carol Wright was the owner of the fabulous Old Bachelor's Home in Lexington. It seems she liked it quite well. A very frequent visitor was Joyce Rudrick, who had nothing better to do.

Sue Dill and Joyce Wagner had the world's best beauty salon and performed wonders on gray hair.

Jack Yeager and Marilyn Sheer had become the best professional skaters of the century, and Howard Allgire, prize auctioneer.

Shirley Huvler made flags superior to those that Betsy Ross made.

Once-famous actress Shyrl Whited has been stricken with a case of ghostitis, but is soon feeling better, thanks to Dr. King and his assistant, Carolyn Jackson, R.N.

The noted farmers, Ray Ross, Joe Prosser, and Carl Hampton, have been discussing farm conditions with twentieth century Secretary of Agriculture, Charles Baker.

Laura Prosser and Rosella Russell had become owners of a fine jewelry store, Tiffanies; their specialty, of course, was diamonds.

Why, here is Richard Carter, renowned pilot who electrified the world with his spectacular speed records.

Seems chemical engineer, Ken Bigler, is still trying new formulas. (We smell something, anyway.)

Carol Schneider had become the world's most celebrated hot rod manufacturer.

Donna Ink broke all typing records as private secretary to Wes Volz, the world's foremost commentator who succeeded Lowell Thomas.

Here, back in the corner, is Bob Stone. He was sports editor for the Mansfield News Journal, and is just talking to Dave Dill and Ed Hoffner, one-time stars of the Cleveland Indians.

Margaret Terman and Gloria Walker had been missionaries to Africa and are discussing current problems there. Joining them is Cliff Schnebly, who was known as the world's most dynamic preacher.

Jay Christian has taken his place in science, having made bricks better than Brickrete.

Sandie Pirro had become a fashion expert of men's clothing, and Peg Bashoff, the forecaster of things to come.

Well, I see it is time for us ghosts to return to our graves, so may our memories ever haunt you.
